2.0 Topic

The screenshot shows a website interface for a topic page. At the top is a green navigation bar with the MIT logo and 'Climate X' text. Below the navigation bar are links for 'Topics', 'Videos', 'Members', 'Projects', 'Resources', and 'About Climate X'. The main content area is divided into several sections:

- 1 Energy:** A section with a title and introductory text about carbon emissions and fossil fuels. A red circle '1' is placed over the title.
- 2:** A grey box with a user profile icon, the text 'Want to add to the discussion?', and a green 'CREATE A NEW POST' button. A red circle '2' is placed over the button.
- 3 Adaptive Cities:** A section featuring a user profile for 'Edouardo Zinna' (3 days ago), a title 'Adaptive Cities', and a large image of a modern building. A red circle '3' is placed over the title.
- 4:** A section with a user profile for 'Edouardo Zinna' (3 days ago), a title 'Adaptive Cities', and introductory text. A red circle '4' is placed over the title.
- 5:** A section with a user profile for 'Edouardo Zinna' (3 days ago), a title 'Adaptive Cities', and introductory text. A red circle '5' is placed over the title.
- 6:** A section titled 'Videos About Energy' containing two video thumbnails: 'Postcard from Greenland' and 'How to Talk to a Climate Change Denier'. A red circle '6' is placed over the first video thumbnail.
- 7:** A section titled 'Contributors to this Topic' showing a grid of user profile icons. A red circle '7' is placed over the grid.

At the bottom, the 'Primary Calls to Action' section contains four buttons:

- Click **Post** (2.1)
- Add **Post** (2.2) else 1.2
- Click **Member** (4.1) else 1.2
- Click **Video** (3.1)

Page Elements

1. Topic Title and Intro Copy (written by site editor)
2. Add Post with my Icon CTA (only visible if logged in)
3. Most Recent Post and member icon (A)
4. Most recent Comment to Post A (make this visible) + See all CTA
5. Next most recent Post (B)
6. Related Videos
7. Contributors to this Topic (comments or posts)

Notes / Comments:

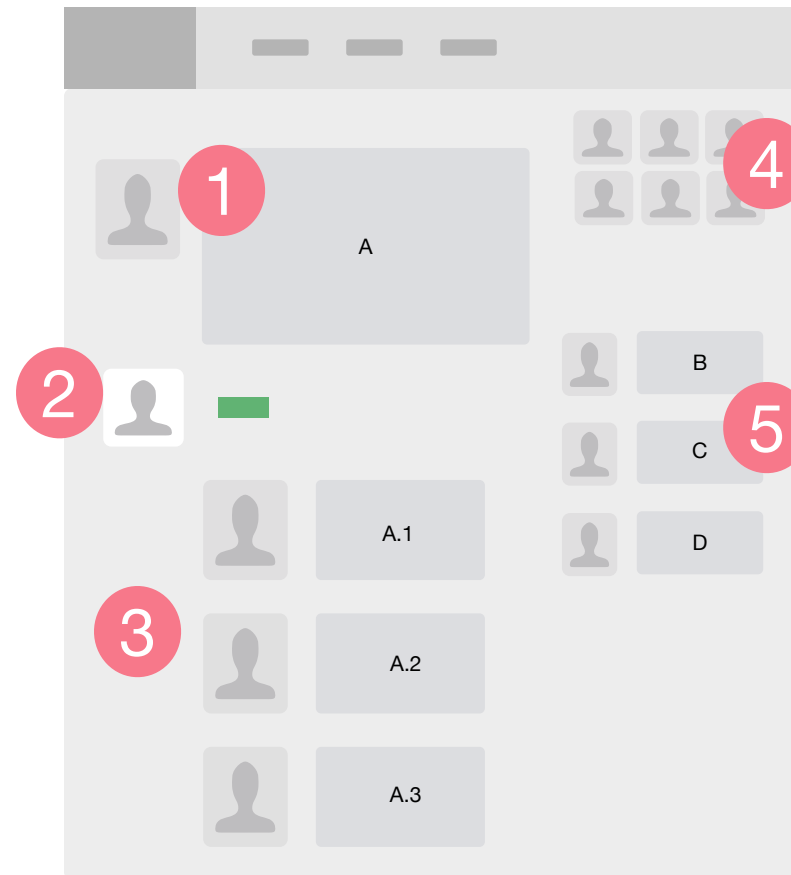

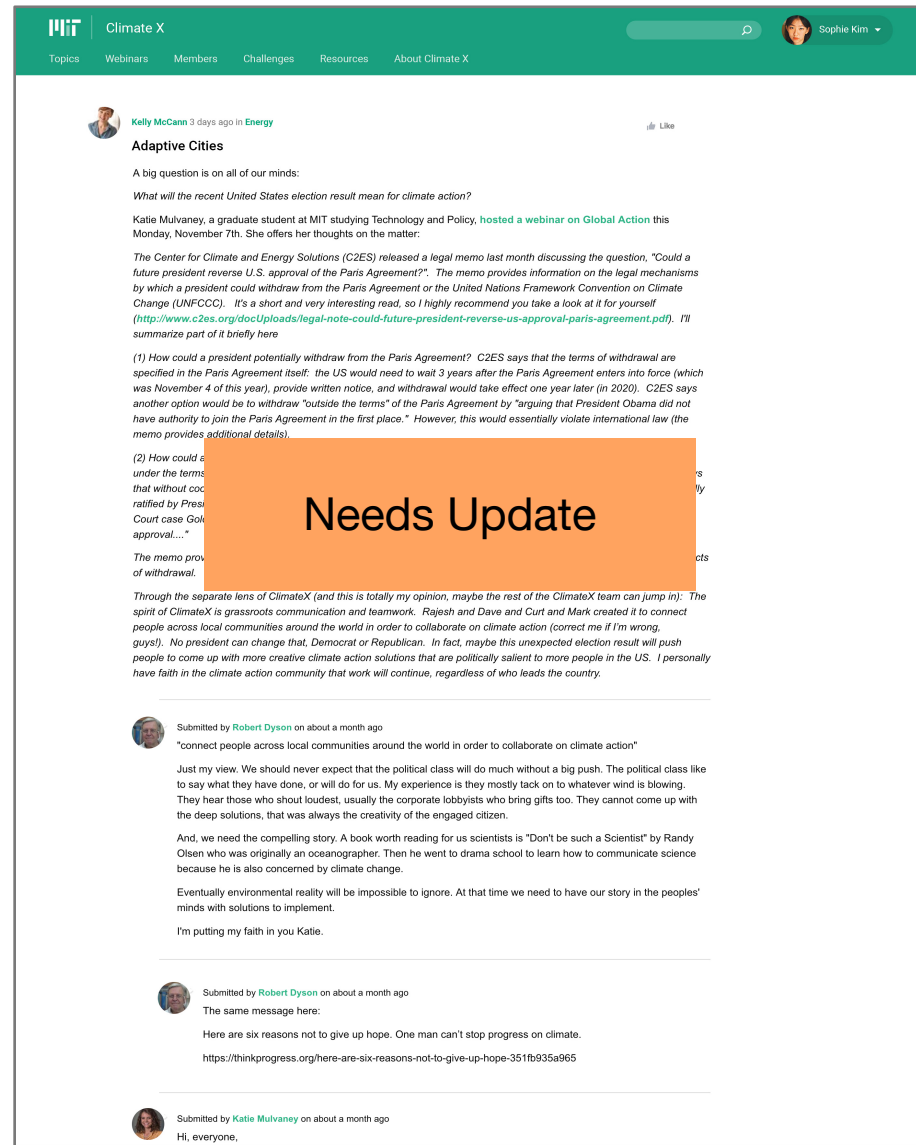

Might need a clearer CTA to see the whole Post Detail Page...

If the user is not logged in — can we place a “log in / sign up” CTA in Zone 2?

Can Posts be easily added in page or with overlay to avoid navigating away from page?

We should add a Follow button here — which automatically adds to My Profile, and means that the user will be notified by email / utility nav when new entries happen.

2.2 Add Post or Comment

The screenshot shows a 'Create a New Post' modal form overlaid on a video player. The form has the following elements:

- Post title:** A text input field with a red circle containing the number '1' next to it.
- Write here...:** A large text area for the post content.
- Attach an image or video:** A button labeled 'Select a File'.
- Topics:** A row of checkboxes with labels: Energy, Water, Food Production, Pollution, Carbon, Lorem, and Dolor Sit. A red circle containing the number '2' is next to the 'Lorem' checkbox.
- Buttons:** 'CANCEL' and 'SUBMIT' buttons at the bottom right. A red circle containing the number '3' is next to the 'SUBMIT' button.

Page Elements

1. Post or comment title and body
2. Ability to multiselect topics that it relates to (Checkboxes)
3. Submit or Cancel

Notes / Comments:

Should be drop dead easy to insert links or images...*needs formatting?*

The topic you're posting from should be autoselected — is this possible?

Can we add a way to request a new topic?
