“I hate square dancing”

Isn’t that what everyone thinks after elementary PE class?

But MIT is a long way from elementary school.

At Tech Squares, we do things a little differently. You probably remember really bad music. Not at Tech Squares. We dance to Santana, Cher, Sheryl Crow… All we need is good beat, and we prefer it fast. Maybe you remember old people in funny clothes. At Tech Squares, jeans and a t-shirt—and shoes you can run in—are the attire, and we have mostly younger dancers, especially in their 20s.

Come to our **FUN NIGHT** and the first day of our crash course!

Tuesday, September 10, 8pm, Lobdell

Be there, and be square!
