

Concept: Tabbed, Flow-based Navigation

#1

iCox Box

User:

Home/login screen.
 ↳ text box for user to input name.
 ↳ Races are stored by user.

↳ Button takes you to screen #2
 (Same as clicking on Log below)
 ↳ Logout button clears username & returns to home screen

tabs: Home, Configure race; live race; browse past races; view recorded race. Selected tab is highlighted.

#2

Race Title:

Record Audio on off

Show Split

Show Strakerate

Show Distance

Show Time

↳ text box to enter a title

↳ on/off toggles for race data.
 If "off", will not be shown in next screen, but will still be recorded

↳ Ghost trail button takes us to screen #25

↳ not going to redraw bottom bar if icons; they are unchanged from screen #1

Choose Ghost Trail

race 01

race 02

race 03

race 04

.....

↳ select one & hit confirm to continue, or cancel to go back.

↳ Selected race is highlighted.

↳ Preview trail
